### MONETARY AND COMMERCIAL

VIRGINIA BONDS .- J. A. Hambleton & Co's. Baltimore Financial Circular of Saturday The market for Virginia bonds was very ac-

tive, and large transactions were recorded, with frequent fluctuations in prices. Barly in the week the market was depressed, and on free sales consols sold from 65 down to 612 regular, 62 seller CO fist, and 6 2 seller 6 months fist. Later large orders were received from London and New York to buy, and consols quickly advaced to 65 regular and 64 seller (0 fat, clesing at 64 regular and 63 seller. Ten-forties sold from 39 down to 32 and again advanced to 0. Pealers were steady at 39 and Virginia deferred stock at about 17. There was quite an advance in peeler coupons, which sold from 30 up to 291, and black scrip, which sold from 20 up to 30. The decline in coasels and 10 40's was due to the action of the Legislature on the debt question, but the advance was caused solely by the general advance in the London market, which started a buying movement here.

### A Card.

I generally read everything that appears in your country ection but by tome mischance I overlooked the "Falls Church Items" of De-Comber 3let and knew nothing of their contents until to-Jay (Friday) when a friend asked me if one of the paragraphs therein was true. Said paragraph commences "Autocracy, &c," and Kies on, "A certain Mayer, &c.," and contains the very si ly he that said Mayor acted as Judge an i plaintiff in the same case!

The warrant in the case alluded to was issued and the cause tried by Justice Creeker of the county and decided for plaintiff, so that, whether proceeding from the culpable ignorance of the writer or through petty malice, the canard fills to the ground.

LAND SLIDES ON THE VIRGINIA MIDLAND RAILWAY-ACCIDENT-ENGINEER MINTON KILLED AND FIREMAN GRANT INJURED -About 11 o'clock Saturday night last a heavy land slide occurred on the Virginia Midland Railway, on the new straight about portion, botween Orango C. H. and Charlottesville, about eight miles from the last named place, which delayed all the trains on the Chesapeake and Ohio and Virginia Midland Railroade BLV cral bours. The slide came down from a high embackment in a curve of the road just after a freight crain had passed. The obstruction was c'cared away and another train ; assed. Then the latd began to slide down the embarkment again with great velcoity, ocvering the track s.veral feet deep for fully fifty feet. With the carth came down a large rick, weighing tome cight or ten tons, which will have to be blasted before it can be removed. The trains from Washington, New Ocleans, Richmond and Circionati all met at the slide, and passengers and mails had to by transferred to other traice.

Danville and this city to clear the track. Last night, about So'clock, the train engaged in carrying the passer gers, delayed by the slid s of Saiurday night, of which Cartsin John M. Grigg was conductor; John T. Minton, engl neer, and N. B. | Detter knows as Harry Grant, fireman, san iato another land slide a mile north of Rockfish with such force that the tender mounted the engine, orushing the engiseer, Mr. Miston, to death, and painfully, hough not seriously, injuring the fireman, Harry Grant. The engine, tender and postal car were badly dimaged. but no one olse, besides the two mentioned above, was injured. All traits over the road were delayed by the land slides and accident, but workmen were immediately put to work clearing the track, and i is thought that everything will be running over the road as usual by to night.

Material traiss, with workmen, were sent from

The injured man and the remains of Mr. Minton will be brought to this city to-night.
Mr. Minton was looked upon as one of the best engineers on the Virginia Midland road. He was a man in the prime of life, and leaves a wife and five children, who reside on Prince street, between Payne and Fayette, from whence the laneral of the deceased will wheree the faceral of the deceased will Tin; also Nickel Plated and Silver Lined. It take place. Mr. Grant, whose injuries, while is the only pot that Reeps the coffee entirely sepnot yet fully ascertained, are thought to be slight, is also a married man, and lives on Columbus street opposite the old Court House. Mr. Minton's life was insured in the Locomotive Engineers' Brotherhood, and other organiz:tions for several thousand dollars.

THE B. C. & W. R. R .- As many in this city are interested in this railroad we publish the following from the Chicago Times:

"There is much scandal over the reputed de linguenoies of the new Baltimore, Cincinnati and Western Railroad Company. This comtruck lice parallel with the Baltimore and Ohio. It started off with an alleged capital of \$25,000,000. Now the statement is made by members of the surveying corps that none of the men have been paid more than \$25 for their services, and many of them have not recaived anything after three months labor. A portion of them are almost barefooted, out of respectable glothes, money, and no oredit. It is understood that the managers plead inability to pay on account of the failure to place bonds and stocks on the market with which to get funds to pay expenses. It is reported that surveys will be suspended until a settlement with the employees is made.

LONGEVITY AND ITS CAUSE, - The Richmond G. W. RAMSAY State says: "Peter Markins died a few d.ys sgo in Arkansa, at the age of 111, after having voted for every Democratis candidate for Pretideat from Jefferson to Hancock, which hoactable record doubtless had much to do with lengthening his days; though the other fact stated in his obituary, that he was in boyhood bound apprenties to a baker in Alexandria, Virginia, may have been the real cause."

Wo have very little doubt that his longevity was attr-butable to his early life in this oity, where his habits, escial, moral and political, were formed and which stood hem in good sterd and enabled him to weather itte's storm for so long. Alexardria is a good place to be bora io, to live in and perchanes to die in and as long as you ive here you will never die,

Police News .- The pelice during Salurday night and yesterday made three arrests as follows: A man for being drunk on the streets, John Brent, unlored, for diserderly conduct, and a young men from Washington for disorderly conduct on the stree's. This morning the Mayor disposed of the trio ra followe: The man for druckeeness was sect to jail for farther examination on the 25 h John Brent in default of the payment of a fine of \$5 was sint to the chain goog for 30 days. The young man from Washington did no: put in his apprarace, and ferfeited \$5 he depesited with the station house au borities yesterday to secure his release until this morning.

An old colored men named R igh Carroll was taken to the alms house this morning.

YESTERDAY-RELIGIOUS ITEMS.-The weather yesterday was bigbt, and the tem perature being pleasant the offurches all had good coneregations. Is the First Presbyterian Church R.v. E. Whittlesoy, of Washington, preached in the morning Elder William M. Smoot conducted serves in the Ir mitive Baptist Church in the meroicg. The other pu'pire were fi led by the resident clergy.

Several members of the Free Methodist congregation held a meeting on the wharf, foot of King a reet, yesterday afternoon. The speakers talked tratiy plainly to the large crawd assembled.

The Washington papers announced, this morning the suicide yesterday, at his home, in Georgetown, while laboring under a temporary aberration of mind, of a man 45 years of age. "son of a late Mayor of this city." The unfor-Addison, Henry Abbotts and Henry Adams. Alix addria never had a Mayor by either of the above names. All three of the papers agree that the spicide was a son of a late Mayor of

his first parton, that of Chailes Shafer, cotvioted in 1850 in the Corporation Court of this oity of furgery, and sent to the pericentiary for ten years. The Richmond State says :

"Shafer is the man who executed the fresco work at the Capitol; he was a most excellent prisoner. Tae oircamstances in his case were very excepuating, and his pardon was strongly recommended by prominent citizans. Governor Cameron's initial act of executive elemency will be generally at proved."

PERSONAL -Mr. W. K. Davidson, of this oity, was examined Friday night, in Washington, by the Commissioners of Pharmacy, of that city, and this morning he received, from the Secretary of the Board, a certificate of his registration as a competent druggist.

Messrs. Walter J. Harrison, J. Y. Bassell and Date Hempstone, of Leesburg, were in the
